ALTO ADIGE

Backdropped by stunning, snow-capped mountains, this northerly region is more evocative of Austria than Tuscany, putting a twist on a typical Italian region. Though it is one of Italy's smallest, comprising just one percent of the country's production, the region is known for having exceptionally high quality. Because of the prevalence of the German language, you will find most names and labels in Alto Adige/Südtirol written in Italian followed by a German translation.

VARIETIES

While Alto Adige - Südtirol is known for being one of Italy's top white wine producing regions, it makes excellent red wine as well. While Germanic varieties such as Riesling and Sylvaner reign supreme in some of the region's vineyards, in others the local Schiava grape holds sway. There are also increasing quantities of, Chardonnay, Pinot Noir, Pinot Bianco, Sauvignon Blanc and the red Bordeaux varieties.
